Mr. Tim Woodward, Principal

Message from the Principal:

Dear Parents and Friends,

As I reflect on recent activities at Lakeview, I am grateful and appreciative for the support from the parents and dedication of our wonderful staff. I am amazed at the level of kindness and support offered by our community to make Lakeview a great place for children to learn and thrive.

Thank you for all that you do for your son or daughter and our teachers, to support their academics, activities and well-being. Have a wonderful break filled with gratitude and thanksgiving and lots of hearty eating and time with your families! Happy Thanksgiving and go, Dragons!

HEALTH NOTE

The weather is changing and with the change comes cold and flu season. How can you protect your child and keep him or her healthy?

Also, what is the difference between

a cold and the flu? The flu and the common cold are both respiratory illnesses but they are caused by different viruses. Because these two

types of illnesses have similar flu-like symptoms, it can be difficult to tell the difference between them based on symptoms alone. In general, the flu is worse than the common cold, and symptoms such as fever, body aches, extreme tiredness, and dry cough are more common and intense. Colds are usually milder than the flu. People with colds are more likely to have a runny or stuffy nose. Colds generally do not result in serious health problems, such as pneumonia, bacterial infections or hospitalizations. For any questions or concerns call Mrs. DeBernardis, Lakeview's health tech at 602-896-5810.

Kindergarten Fall Feast

The kindergartners will be having their annual Fall Feast on November 22, at 10:30 a.m. in the kindergarten courtyard. Kindergarten parents are asked to help out with food items such as: sliced deli meats, turkey or ham, would be appreciated. If you would like to assist, please contact your son or daughter’s teacher for an assignment.
